Ref. 510-003-0

The practical Carrying Handles allow transporting all types of inflatable tracks. They were designed to allow easy transportation of pneumatic tracks of various sizes.

Their ergonomic shape allows decreasing the burden for the back, and the durable material they are made of provides the long-term use of those transport handles.

Applications:

- AIR COVER for Tumbling Track GREGOR
- AIR TRACK PUMP & JUMP
- HIP-HOP DANCE
- AIR FLOOR
- PUMP & JUMP DUO

Easy to use Carrying Handles

A PUMP & JUMP DUO track moved with the use of Carrying Handles
