

Revolution in school mats

SCHOOL MATS are inflatable mats produced in the **AIR-JUMP®** technology.

- No foam – longer life-span
- Easy storage and transport
- Softness regulation available
- 120 seconds & ready to use
- Possible to clean with water

NO PERMANENT FILLING

SCHOOL MATS - easy folding and small storage place

SCHOOL MATS - After deflating they take up much less space than traditional foam-based mats, and so the storage and transportation have become much easier and cheaper.

SCHOOL MATS are according to PN EN 12503.

NO MORE CARRYING PROBLEMS
